Message from the Executive Committee....

Thanks to everyone who attended our AGM/Investigator meeting in Ottawa on January 12th – 13th, 2017. We had an awesome turnout with over 75 people in attendance. The 2-day event featured a plenary by Dr. Brian Rowe who presented some of his research on acute respiratory emergencies and updated us on the CIHR/ICRH activities and funding. We had presentations from 18 trainees, 5 ERLI recipients and 1 pilot study recipient and our 3 new project grant investigators. We also had 'Big Wins for CRRN' this year which featured 8 investigators presenting their published manuscripts that have been completed with CRRN funding. What a great meeting with so much collaboration!
